

THE WRANGELL SENTINEL

VOL. XVII. NO. 18

WRANGELL, ALASKA, THURSDAY, APRIL 25, 1918

PRICE TEN CENTS

CABLE NEWS

TODAY

AMSTERDAM. The German minister to the Netherlands has left the Hague for Berlin and the Dutch minister to Germany is on his way from Berlin to the Hague.

PARIS. The battle on the whole front south of Somme and on Arve still continues. The Germans gained a footing in the woods northward of Hangard Ensanterre and also in the eastern outskirts of the village which the French are desperately defending.

LONDON. The Germans have taken Villers Bretonneux.

PARIS. The Germans captured Hangard southeast of Amiens. The battle continued throughout the night. French are still holding ground immediately around the town.

LONDON. Three attacks by the Germans on the British positions east of Amiens have been repulsed. On Flanders front the Germans attacked the French positions northeast of Baillieu and were repulsed. The British regained ground around Villers Bretonneux by counter attacks and took prisoners.

JEFFERSON CITY. Governor Gardner has wired to Washington tendering to Champ Clark the appointment as United States Senator to succeed the late William J. Stone.

THE HAGUE. German cavalry has appeared along Westphalian border hitherto guarded only by Landstrom. A strong German note demanding quick reply has arrived. The main demand is for free transportation of materials through Holland to Belgium.

WASHINGTON. Forty-nine casualties. Eight killed and died of wounds, according to report from General Pershing.

LONDON. Americans are aiding in the defense of Amiens.

JUNEAU REPUBLICANS ARE BOOSTING FOR WICKERSHAM

JUNEAU. Prominent Republicans here are preparing to call a convention of Republicans of the First division to meet in Juneau in June to name a senator and two more candidates for the legislature and road commissioner to fill Republican ticket with Davies and McCormack, and line up solidly behind Wickersham for fall election. Republicans here do not credit reports that any sections are figuring on scratching Wickersham.

St. Philip's Church

April 28, 1918

There are two views of God; one is that of the absolute, the unknowable; the other is the Christian view "God is a worker." He works with man and for man. This will help us to understand the meaning of the world war, and will help us to "See it through." You are needed and do you not need the church? Can you afford not to take at least one hour every Sunday for thoughtful meditation and worship.

FOOD ADMINISTRATOR HOLDS CONFERENCE WITH FISHERMEN

Royal A. Gunnison, Federal Food Administrator for Alaska, was a passenger on the City of Seattle which arrived in Wrangell at 11 o'clock last Thursday night. While the vessel was in port he held a conference in the interest of fixing the prices of fish. A courier was sent around town and in a few minutes all the fishermen who could be found at that hour assembled at the hotel where the meeting was held.

Mr. Gunnison in his opening remarks said that it is the duty of fishermen to produce as much foodstuffs at as reasonable a price as possible, at the same time allowing them to receive a fair living wage. He stated further that no prices would be fixed until the entire Pacific coast from California to Cook's Inlet had been heard from.

Fishermen in the audience—trollers, gill netters and seiners—were called upon to give an estimate of how much fish they caught last year and the cost of operation. They were also asked to state how much they thought they should receive this year in order to make their earnings compare favorably with those of last year.

The replies varied, but the prices which seemed most agreeable to the majority of those present were about as follows: king salmon, 10c a pound; cohes and sockeyes 40c each, humpies 5c each; dogs 10c to 15c each.

Mr. Gunnison was accompanied on his trip by Mr. August Buschmann.

The Sentinel this week received with the compliments of F. E. Gingrass of the Wrangell Machine shop a novelty in the shape of a small tube 2 1/4 inches long containing a thimble, needles and two spindles, one of white thread and one of black. The tube is small enough to be carried in the vest pocket and yet it contains all that is necessary for sewing on buttons. Hon. P. C. McCormack happened to be in the Sentinel office at the time. So Mr. Gingrass, who is without partiality (among men), handed over one of the tubes to Mr. McCormack, at the same time tactfully explaining that with him it was only for temporary use.

Senator Aldrich of Nome was in Wrangell Friday and Saturday. He was en route to the West Coast.

Forrest Dunham, who is connected with the Craig Lumber Co., returned on the Glenora Friday after spending a week in Wrangell on business.

Mr. and Mrs. Fred Coughlan and Al Hilderbrand of Gold Beach, Oregon, were registered at the Wrangell hotel this week.

A cow has been imported to Lake Bay from the States. She was brought up for the benefit of the Lake Bay babies.

Rev. Marsden of Metlakatla has been reinstated with the Presbyterian Mission Board, and is again in the ministry. Rev. Marsden is a full blooded Indian, and a scholarly man.

The Government school, of which Mrs. Sadie E. Edmunson is the principal, closes this week. The Native children have done excellent work during the past year.

William Patterson is again bookkeeping for the Columbia & Northern Fishing and Packing Company.

WRANGELL TO HAVE AN HONOR FLAG

Wrangell will have her quota of the Third Liberty Loan before the end of the week. Wrangell's quota is \$19,000. At noon today \$18,050 had been subscribed. This amount represents 60 applications.

LIBERTY LOAN HEAD-QUARTERS—SAN FRANCISCO

Total subscriptions for the district more than one hundred and fifty-two million. Oregon has to date raised 104 per cent of its quota. Following are percentages of quotas reached in several cities. San Francisco, 68; Los Angeles, 75; Seattle, 98; Portland, 104, Tacoma 121. Total number of honor flags for the district, 596.

S. L. Hogue and Miss Comelins and Jack Lindsay, of Petersburg, were in Wrangell Sunday. They made the trip on a gas boat.

John Burckland and William Frazer were in town the first of the week from Port Beaulieu.

Howard Winters, who wintered in Wrangell, departed on the Princess Sophia Monday night. He was bound for his home at Eagle Cliff, Wash. Mr. Winters is the father of Mrs. F. Matheson.

Mrs. George H. Barnes returned from the States on the Spokane Sunday.

Miss Lorena Wigg who has been in Seattle for several months returned to Wrangell on the Spokane arriving here Sunday morning.

Raymond Lee who spent last year in Wrangell in the employ of the Sanitary Packing Co., and later in the employ of the Columbia & Northern, writes from Powers, Oregon, that he is located there and prospering.

J. F. Pugh, collector of customs for Alaska, was in Wrangell several days the past week on official business.

H. J. Wallace, Geo. Card, Frank Spalding, Wm Patterson were among those who were in Ketchikan last week attending court.

Mr. and Mrs. I. M. Hofstad of Scow Bay were aboard the Jefferson. They were returning from a visit to the States.

Capt. George T. Whitney and bride of Juneau were registered at the Wrangell hotel this week. The couple were married in Seattle early in the month.

Capt. George H. Whitney and Peter G. Peltret were in Wrangell this week on official business. Capt. Whitney is marine inspector of hulls and Mr. Peltret inspector of boilers.

Judge Wm. G. Thomas returned on the City of Seattle Friday evening from a three months' trip to Oregon. His numerous friends are congratulating him upon being so improved in health.

Conrad Anderson is now working as a blacksmith in the ship yards at Seattle.

RED CROSS NOTES

Don't show bad taste by criticizing the government.

In recognition of the part Canada is playing in the war for human liberty, the War Council of the American Red Cross has appropriated \$500,000 as a gift to the Canadian Red Cross. The gift is made without restrictions, but with the expressed hope that it will be found possible to use the contribution for the relief of Canadian soldiers at the front.

The new Red Cross "drive" for \$100,000,000 is coming soon. Be prepared to help.

If the children save and earn pennies to swell the Red Cross Fund they have made a small but by no means insignificant beginning in the school of world service. The Red Cross calls to every child to enlist head, heart and hand in the struggle for a happier world.

The American Red Cross has to date appropriated \$1,800,000 for relief work in Armenia and Syria.

Of Interest to Our Knitters

We give below allotment for knitted goods to be made by Wrangell Chapter during the three (3) months from April 20 to July 20, 1918.

Socks, 80 pairs.

Sweaters, 20.

Wristlets, 5 pair.

This allotment is liable to be increased at any time.

Mufflers and helmets are not asked for, but any already begun will be gladly received.

Annual Election Red Cross

The Wrangell Chapter will hold the annual election of officers on Tuesday evening, May 14, at 8 o'clock in the Town hall.

EDITH B. CARHART, Secretary.

Olson-Crawford

A quiet wedding to which only a few friends of the contracting parties were invited occurred at nine o'clock Monday evening in the parlor of the Wrangell hotel when Charles Olson and Mrs. Clara Crawford were pronounced man and wife by United States Commissioner C. E. Weber.

Following the ceremony a wedding supper was served in the dining-room of the hotel.

The bride came to Wrangell from Everett, Washington. For the past year she has been the housekeeper at the Wrangell hotel. Mrs. Crawford (as she has heretofore been known) had a way of doing countless little things that added greatly to the comfort and pleasure of the guests, and no one has left the hotel since she has been there without a good word for Mrs. Crawford.

Charlie Olsen, the groom, has lived in this vicinity and on the Stikine for a number of years. The Bible says that God created man a little lower than the angels. But this distinction has not prevented Charlie from finding heaven on earth.

The Sentinel extends its congratulations to Mr. and Mrs. Olson. May their happiness increase.

Attorney General George B. Grigsby who has just returned to Juneau from Washington where he attended the hearings before the election committee of the Sulzer-Wickersham delegate-ship contest, declares that no doubt is entertained that the committee will decide in favor of Sulzer.

The Wrangell restaurant closed this week.

GOVERNMENT SCHOOL CLOSING THIS WEEK

The government school closes Saturday afternoon with a party for the school children given by the principal, Mrs. Sadie E. Edmunson.

Mrs. Edmunson came here last fall from Juneau with an enviable record as a teacher. Her winter's work in Wrangell has been highly successful, and it is with the deepest regret that pupils and parents have learned that she does not intend to continue the work next winter.

W. H. Case of Juneau recently displayed in his store window a magnificent specimen of the Ponderosa, or American wonder lemon, probably the first lemon to be grown in Alaska. It was raised in the green-house of a Juneau florist.

I. M. Greene and Maggie Albert, who made a plea of not guilty to the charge of unlawful cohabitation, changed their plea yesterday afternoon after a jury had been examined and empaneled. Greene was sentenced to serve five months and the woman three months this morning in the local jail.—Ketchikan Miner.

Inspector E. P. Walker of U. S. Bureau of Fisheries reports that he has received advice that the beaver of Alaska are to be protected till November 1, 1923. The protection was to expire Nov. 1, 1918, but has been extended five years.

Joe Baronovich arrived in Wrangell Monday from Sitka. He left the same day for Ketchikan. Mr. Baronovich stated that he would return to Wrangell in a few days and would spend the season fishing in this vicinity.

A. C. Davis, formerly of Wrangell, who enlisted in the Navy when Lieutenant Clark was in Wrangell recruiting last July, was married in Portland on April 1, to a lady who was a childhood schoolmate in California. Mr. Davis is stationed at Bremerton.

Capt. Sid Barrington and F. R. Sterling arrived in Wrangell Friday on the City of Seattle. They state that the Hazel B III will make her first trip of the season up the Stikine early in May. It was a fortunate day for Wrangell two years ago when Captain Barrington decided to direct his attention to the Stikine. A regular, dependable boat service between Wrangell and Telegraph Creek is something which the people of both ports appreciate most highly.

Walter F. Woodbridge is now farming at Mabton, Wash. Mr. Woodbridge has owned a farm near Mabton for several years, but it was not until recently that he decided to live on the property. Mr. Woodbridge did not state whether he is to rule the ranch alone, but he did say that he wanted the Sentinel as a weekly visitor.

Mrs. Kyvig was aboard the Jefferson en route from the States to Petersburg to join her husband, Dr. Kyvig, who recently located there. While the vessel was in port Mrs. Kyvig visited with her friend, Mrs. Edwin Hofstad.

Andrew Stevenson, president of the Bank of Alaska, was aboard the Princess Sophia Saturday morning en route to his home at Skagway. Mr. Stevenson has been on an extended business trip to the States.

RELIEF OF SOLDIERS AND SAILORS

Mayor Matheson, Chairman of Local Board No. 8, has received from Capt. J. T. Hunt, by direction of Governor Strong, a copy of the Soldiers' and Sailors' Civil Relief Act, recently passed by Congress, which aims to protect persons in military service from excessive hardship due to the forfeiture of sundry claims and rights or the maturing of legal obligations during their absence in military service, and due to their inability to look after their business and property interests left behind.

A soldier or sailor may owe money on a note. Or he may have bought or leased land or tools or furniture on which an installment is yet due. Or he may have mortgaged his home, and be liable to foreclosure for nonpayment. Or he may have started a homestead or mining claim and be unable to continue the necessary occupation in the required period of time. Or he may have carried life insurance for several years and now be unable to keep up the premium payments. Or he may have a legal money claim against someone and during his absence the lapse of time may raise a legal bar against suing for it when he returns. Or he may be sued on some claim in his absence and may be unable to defend the suit effectively while absent.

In these and many other ways he may suffer undue hardship. The object of this Act is to give relief from such hardship.

The provisions of the act are too numerous to set forth accurately here. Enough to point out its main principle is as follows:

(1) Let some one, on behalf of the soldier or sailor, notify the court that the party concerned is a soldier or sailor. Then the court will make prompt inquiries into the merits of the case; if the case merits it, the court has power to stay the other party from further proceedings, or to give other remedy that may be appropriate. The court may also appoint an attorney to represent the soldier or sailor in the lawsuit.

(2) If a lawsuit has been begun already in some court against the soldier or sailor, go to that same court and give the notice above mentioned. If no lawsuit has yet been begun, but some landlord or other person is preparing to sell out or take possession of property in which the soldier or sailor is interested, go to the court in whose jurisdiction the property is, notify the court as above, and ask the court to summon the other party. All such persons are forbidden by law to take property in that way without first applying to court for an order; but some persons may attempt to take possession without doing so in ignorance of the new law.

Should the families of any persons in military service be known to you to need protection from the kind of loss or injury covered by this Act, you are requested to notify them to apply promptly to the nearest court where due relief can be obtained.

Wm. Patterson is in receipt of a letter from Lieut. Dr. S. C. Shurick stating he has left the army on account of ill health and gone to New York.

CABLE NEWS

SATURDAY

SAN FRANCISCO.—The total subscriptions for the Third Liberty Loan for the Twelfth district is officially given at One Hundred Million, Eight Hundred and Seventy-five Thousand. The total number of honor flags for the district is Three Hundred and Eighteen.

*The Twelfth District is comprised of California, Oregon, Washington, Idaho, Utah, Nevada, Arizona, Alaska.

LONDON.—Germans were completely repulsed in an attack they launched yesterday around Givenchy southern side Lys battle front.

ROME.—Premier Orlando announced to the Chamber of Deputies that Italian troops would be dispatched to the battlefield in France. The announcement was received with storms of applause.

WASHINGTON.—The President today signed a bill extending the provisions of the espionage act to women and requiring the registration of women alien enemies.

WASHINGTON.—The complete reorganization of the aircraft problem is imminent. The President has called an official cabinet meeting to confer with Baker on the aeroplane situation.

ROME.—The Premier Orlando said that Italy could not remain absent from the battlefields of France. She wishes to bring to the Allies tangible proof of solidarity, and very soon the colors of Italian regiments will fly over the fields of Picardy beside those of the French, British, American, Belgian and Portuguese.

WASHINGTON.—The enemy-owned seven million dollar plants of the Bosch Magneto Company at Springfield, Mass., and at Plainfield, New Jersey, have been taken over by the United States government. In the future the output will be used for American aeroplane service.

PARIS.—The city of Rheims which had been on fire for a week is now a pile of smoking ruins. Last week the Germans fired more than hundred thousand shells into the heart of the city, according to a correspondent of Le Matin.

LONDON.—War office announced today that attacks on British lines in northern part of Lys battle area south of Kemmel were successfully repulsed. There was no change in the situation along the entire British front during the night, while the British aided by French reserves are holding the Germans on Flanders front. The French have gained ground along Aves southeast of Amiens by a heavy counter attack on a front of two miles. This attack, the French Communiqué said, carried the French to the outskirts of Castel.

AMSTERDAM.—German troops are absolutely refusing to go to the front according to reports reaching here which reveal further mutiny. At the German military camps in the province of Limburg many soldiers have been shot. Soldiers when ordered to make ready for the front refused to obey the commands of their officers, insisting that to do so meant only slaughter for them. Enraged by their action the officers attempted to break up the mutiny at the outbreak. Bloodshed followed. The trouble is still in progress.

NEW YORK.—"You know that I am telling the truth when I say to you that I am not interested in being president of the United States," Roosevelt thus declared his attitude in an interview today. "The time was when I wanted office," he continued, "Today I want only to accomplish certain things, and office, as such, has not the slightest attraction for me."

OTTAWA.—Anticipating an enemy assault against the Canadian line Lieutenant General Sir Arthur Currie commanding Canadian troops issued a special order on March 27 exhorting all ranks to advance or fall where they stood facing the enemy. He felt that the Canadian troops would repeat their victories of the past. A copy of the order has been received by an Ottawa woman from relatives overseas.

LONDON.—All accounts from the front today dwell upon staggering losses that the Germans have suffered in fighting all along the line. At some points the field is so full of corpses that living men have difficulty getting over the dead. Artillery and machine gun fire of the British has proved remarkably effective.

WITH BRITISH ARMY IN FRANCE.—Trouble is brewing in the Northern zone and south of the Somme river. The indications in the latter region are that another mighty thrust for Amiens is in preparation. The Germans are nursing their hurts in the region of Labasse canal.

SEATTLE.—Skinner & Eddy launched steel seventy-seven hundred ton steamship West Lianga for the shipping board at two o'clock this afternoon. The vessel was sent to the water in 55 days from the date of laying the keel. This is a new world's record in ship construction.

WASHINGTON.—The President rode through the White House grounds on a British tank this afternoon and severely burned his hand on an exhaust pipe while trying to climb out on top. The burn will prevent the President from playing golf for a month.

LONDON.—The British successfully counter attacked at Fesumbert and Givenchy on the southern edge of Flanders battlefield last night throwing the Germans back from positions they gained in the British lines two days ago, Haig reported today.

DUBLIN.—Irish Nationalists today are arranging to state their objections to conscription to the world. A mansion house conference here decided to take this action. The conference also requested the Lord Mayor to go to Washington to explain the situation to President Wilson.

AMSTERDAM.—The executive committee of the German Socialist party in Austria has decided to declare a country wide strike on May 1 as a demonstration for a declaration of peace by Germany.

LONDON.—A very grave and menacing situation is created by the determination of the Nationalists. Ireland is united as never before to resist conscription. The situation has aroused the deepest interest throughout Britain.

PARIS.—German troops last night launched a raiding operation against the French in the region of Hangord. The effort was a failure the War Office announced today. The French took a number of prisoners.

WASHINGTON.—An intensely bitter fight is impending over the Chamberlain bill to give military authority and control of trial and punishment of spies and propagandists.

Wrangell, Alaska, post office, under
Act of Congress of March 3, 1878.

SULZER PLACARDS TORN DOWN

One of the most petty and contemptuous acts that has come under the observation of the Sentinel in a long time was committed last night when some one was small enough to deface and destroy a number of placards that had been put up over town advertising the candidacy of Charles A. Sulzer for nomination for delegate to Congress.

If anyone wants to campaign against Sulzer or any other candidate it is certainly his privilege to do so, but Sulzer's legitimate advertising that has been posted in conspicuous places should not be molested.

The man who is so narrow and malicious in his nature that he is unwilling that Sulzer should speak to the voters through legitimate advertising would not be above starting a rough house, if he dared, should Sulzer or any other candidate to whom he is opposed come to Wrangell to speak.

Democracy breathes the spirit of fair play. If a man in politics it is his right to present his views orally and through advertising, but he must not deny others the same privilege, and no man worthy of being called a citizen will do it.

If the Sulzer cards had been torn from bill boards in Seattle the person removing them would have paid the penalty of violating a city ordinance. But the commission of the act in Wrangell where it will go unpunished makes it none the less reprehensible.

The Admiral Farragut struck a rock near Petersburg yesterday. The vessel is now at Scow Bay. The extent of the damage cannot be learned, but it is believed not to be serious.

The Wrangell Moose lodge has purchased a five hundred dollar Liberty bond.

The Wrangell Redmen's lodge this week invested \$800 in Liberty bonds. This raises the Redmen's holdings of Liberty bonds to \$2000, the lodge having purchased \$1200 worth of bonds of a previous issue.

Mrs. G. A. Royalty returned yesterday from Craig where she had been for some time.

Neil McDonald of Petersburg was a business visitor to Wrangell this week.

Mr. and Mrs. Frank Gadd and children arrived on the Humboldt from Bellingham. They spent the greater portion of the winter in Baltimore.

Colonel Mason was in town Sunday and Monday. Colonel has made two trips to Seattle recently bringing up cannery tenders.

The Civic Improvement Club meets at the home of Miss Woods on Friday of this week at 3 p. m. A full attendance is desired.

Mr. and Mrs. Sam Cunningham returned on the Humboldt today from a visit of several weeks in Seattle.

S. Sweet of Big Harbor arrived from the States on the Humboldt today. He will leave for the West Coast on the Glenora.

A crew of Chinamen arrived on the Spokane Sunday morning. They will be employed at the Sanitary cannery. They seem to be making their headquarters at the store of our neighbor, Capt. Jinks. Consequently the Sentinel feels as if it was located in Chinatown.

B. Steingquist and S. Schoen of Tacoma arrived in Wrangell on the Humboldt today.

Wm. Strong who has been trapping on the Stikine river arrived in Wrangell this week with a catch of furs valued at several hundred dollars.

Dr. R. C. Mathis finds that he will be forced to remain in Wrangell several days longer to complete work in hand, and is open to engagements.

Dr. J. L. Bulkley will speak at the moving picture show Sunday evening.

Mrs. Dollie Walton is visiting her mother, Mrs. Reid, at Craig. John McCallum came in from Calder on the Glenora.

The food controller's dictum that we shouldn't be paying the high prices would sound better if he will just tell us what other way is open to get what we must have.

A Nebraska police judge says that women are better liars than men. This, however, is one bit of flattery that woman will probably not admit.

A Pennsylvania farmer states that he obtained 50 heads of cabbage from one stalk. And yet 5-cent cigars have gone up to 6 cents.

Camouflage achieves its highest art in the curl papers of the gray morn that become the coiffure of the glittering evening.

That independent Polish kingdom seems to have gone into the discard with the early and honorable German peace.

The airplane lights will also serve as convenient beacons for automobile tourists.

The hand of fate never slaps a loafer on the back.
